TRAINING CIRCULAR

Nomination for 32nd Orientation Course for Geologists

The Geological survey of India training Institute will be conducting the 32nd Orientation Course for Geologists in F.S.2009-10 from 5th October 2009 to 25th September 2010. The course shall comprise field and laboratory trainings, project work, written examination and viva-voce. The training is spread over the whole Field Season year covering all fundamental activities in geology as practiced in GSI.

It is planned to train 90 geologists in three batches with six main modules each of 40 days duration and project work at the end of all modules of 45 days duration. Although the Orientation Course is focused mainly for the departmental inductive level geologists, the Training Institute can accommodate some officers from other sister organizations (State Departments, Public sector/Private sector agencies, foreign nationals who are approved by Ministry of Mines and by Ministry of External Affairs). The departments/organizations so interested can either opt for the entire course or for any one of the modules whose detail schedule and module theme is appended.

While nominating any officer for the training, you are requested kindly to furnish the biodata of the officer clearly mentioning his date of birth, post held and experience.

The last date of receipt of nomination for the 32nd Orientation course is 31st August, 2009. There is no course fee for central and state government organizations.

See details of OCG modules showing duration and course content for batches A, B, C.in separate pages.

भवदीय/Yours faithfully,

(V.Hanumantha Rao) 17-8-09
